CITY OF CHICAGO

Thank you for your FOIA request to the City of Chicago Finance Department. Your FOIA request has been received and is being processed. Your reference number for tracking purposes is: F136682-042126. Track and view responses at Public Records Center.

You have requested the following records: Pursuant to the Illinois Freedom of Information Act (5 ILCS 140), I respectfully request the following records related to the collection of fines assessed through Administrative Notice of Violations (ANOVs) issued by Chicago Police Department Transit Section officers for transit-related violations on Chicago Transit Authority property. Background: I contacted the Department of Administrative Hearings (DOAH) regarding collection records for transit ANOVs. DOAH's FOIA liaison confirmed explicitly that DOAH does not collect fines and therefore has no collection records. DOAH indicated that the Department of Finance may be the appropriate custodian of this data. This request is filed on that basis. Record Set Requested: For each calendar year 2018 through present, records sufficient to show: 1. Total fines levied on ANOVs issued for transit-related violations on CTA property, broken out by year and by violation code or violation category if available in aggregate if not. 2. Total fines collected on those ANOVs, broken out by year. 3. Total outstanding balances on transit-related ANOVs written off, discharged, or referred to a third-party collections agency, broken out by year. 4. The collection rate (fines collected as a percentage of fines levied) for transit-related ANOVs, by year, if tracked as a derived metric. 5. If the Department of Finance does not maintain transit-specific breakdowns, records sufficient to show total administrative adjudication fine revenue collected citywide by year, along with any documentation identifying which issuing department or violation category the revenue is attributed to. If the Department of Finance does not maintain any of these records, please provide written notice to that effect pursuant to 5 ILCS 140/8(g), and identify in writing the city department or office that does.

The City of Chicago Finance Department responds to all public records requests in accordance with the Illinois Freedom of Information Act (FOIA), 5 ILCS 140/1 et seq. If further time is needed to assemble and copy all documents responsive to your FOIA request, we will contact you with a time estimate and a request to extend.

Hello Michael Russo,

I am seeking clarification of your FOIA request #F136682-042126. Our understanding is that you are requesting records of CTA-related violations issued by Chicago Police Department Transit Section officers.

Would you please provide the specific Municipal Code of Chicago (MCC) sections you are interested in? At this time, the system does not support a broad search for "transit-related violations on CTA property" without more defined criteria.

Please let us know if you can provide additional details to narrow the search.

Thank you,

April,

Thank you for the timely follow up. The violations I am seeking are those issued under MCC 10-8-526, which governs enforcement of Chicago Transit Authority ordinances. This includes all sub-codes in the 016-110-1.xx series and the 98-126 series issued under 10-8-526.

If your system allows filtering by issuing unit, the relevant units are 701 (Public Transportation), 702 (CTA Security Unit), and 704 (Transit Security Unit).

I am seeking annual totals of fines levied and fines collected for violations in this code series, broken out by year for calendar years 2018 through present, along with any outstanding balances written off or referred to collections.

Electronic format is preferred.
